## Can make any Meeting an Awesome Event!

The **Build-A-Bike Team Building Workshop®** is a fun and Exciting Cornerstone Event that will make your next Convention or Team meeting a Blast!

The *Build-A-Bike Team Building Workshop®* and charity event is a brainy, challenging, program where your group is divided into teams to solve specific challenges in order to build bicycles for young children from single parent homes or who have a parent that is incarcerated. This is the original **bicycle team building event!**

Each team is given puzzles to solve, codes to decipher, and secrets to unlock in order to acquire the resources needed (part by part) to build their bicycle. Challenges are discovered along the way that must be overcome in order to accomplish their goal.

During the event, you'll engage both your minds and your bodies in solving the puzzles of teamwork.

#### We'll cover ways to:

- Brainstorm.
- Problem-solve.
- Communicate better as a team.
- Identify strengths of individual team members.
- Collaborate better as a team.
- Realize that departments and individuals within a company can't act independently. When the team works together, they accomplish a lot more.
- And have tons of fun in the process!

This workshop is designed to be 3.5-hours\* long, but can be tailored to fit specific time frames. \* 2 hour versions are also available for a slight discount.

#### Philanthropic Twist:

At the conclusion of the event, the bicycles that were created are given to an enthusiastic young people from a local charity in your community. Our preferred charities are Boys and Girls Club and Big Brothers/Big Sisters, however we can make your favorite charity the recipient on request.

This is truly a one-of-a-kind event!
