

The Camaraderie Quest!

THE LEADER'S INSTITUTE®

This high-tech scavenger hunt will have your team laughing and scheming in a race against each other for bragging rights.

- **High Energy Ice Beaker** to divide your team into groups
- **High Tech Tools:** Each team is given a toolbox with a digital camera, video camera, and a smart phone to access clues and challenges
- Groups access challenges & clues via smart phones and the first "sample" race is on.
- Short rest and debrief
- 2nd Quest for All the Marbles
- Groups unite to view videos and slideshows.

Optimal time is 2.5 hrs, but 1 hr & 3 hr versions are also available.

In *The Camaraderie Quest* High-Tech Scavenger Hunt, Teams Match Wits with each other to be first across the finish line!

Much more than a common scavenger hunt, the Camaraderie Quest is a brainy, high-tech adventure tied specifically to a combination of...

- The history of the area you choose so you get aspects of a walking tour,
- Your company culture and history – every adventure is customized for each particular group,
- And the individuals within your team, so they get to know each other even better on a personal level!
- **A philanthropic twist at the end!**

Every event is a custom adventure designed specifically for your group. To finish a quest, your team will have to solve puzzles, decipher codes, and work cohesively as a team in a high-energy, fun way.

Scoring: As each team solves a clue, they send the answer to the base camp via smart phone. Of course, some of the solutions require pictures or a video to be taken to prove that the team completed the task.

Conclusion: When all the challenges are completed, teams reunite for the awards ceremony where they get to compare the solutions and videos that were created. **A slideshow and video is created for future viewing!**

Hero Quest: In this optional version, teams race to pick up items for USO baskets for soldiers.

Kid Quest: Optional version, where teams race to pick up items for baskets for kids with an incarcerated parent.
