**The High Precision Teams** seminar is a powerful teambuilding course based on the world-famous High Impact Leaders™ leadership program. This course focuses on developing skill sets that help participants become stronger, more confident, and focused on the good of the entire organization. Skills developed in this program include **public speaking, listening, conflict resolution, gaining enthusiastic cooperation from team members, memory, problem-solving,** and the ability to **develop more leaders** within the organization.

This program is a powerful way to **shift the culture of your organization** into a team oriented environment.

**Delivery to Fit Your Time Frame:** The total program is designed to be delivered in just two days, but each session of the course is modularized into separate, stand-alone programs. As such, this program can be delivered in **separate breakout sessions, ½ day sessions, a one-day program,** or a full **two-day program.**

**Long Term Behavior Change:** People learn better while they have fun, and this program creates a perfect balance between high energy fun and compelling information. As our instructors teach, they also provide high energy exercises that solidify the retention of this information among class participants.
