

Ellen Patnaude, Sr. VP Corporate Events

THE LEADER'S INSTITUTE®

Ellen E. Patnaude has been training, developing, motivating and coaching people to higher levels of success in a professional capacity since 1997. Her gift of insight allows her to often see what those with whom she is working are not able to see on their own – what is really getting in the way of their success. Ellen has a Bachelor of Arts degree with a double major in Biology and French. Her formal education is overshadowed by the education that she has received from life – living abroad in Paris, France; rural Nicaragua, where she became fluent in Spanish; and some of our nation's depressed urban centers.

She spent many years working as a community organizer in Central America, helping people in the third-world countries transform their communities in extraordinary ways.

While working with community leaders, Ellen was one of the top, most requested trainers at the local, regional, statewide, and National levels. She has effectively trained and coached people from all walks of life, from peasant farmers with no formal education living in extreme poverty in a third-world nation to high-level executives in corporate America. Her nonsense coaching style gets results FAST!

Ellen's spark, insights and charisma make her training sessions a transformational experience for her class members.

INTRODUCTION for ELLEN

Ellen Patnaude is a senior vice president for one of the largest and fastest growing training companies in the world, The Leader's Institute®. She began her career helping community leaders in third-world countries develop their infrastructure and has spent the last decade working with leaders in corporate America. Her topic is _____.
